

School Ethos Group (SEG) Summary

The SEG met in school on Monday. They were introduced to the new proposed meeting and monitoring schedule and will feedback their thoughts at the next meeting. Rev. David will be asked to trial the new monitoring sheet and feedback. He will also support a SIAMs audit in school.

There was a Trust arranged Relational Behaviour refresher for all staff and new staff at the start of the year.

Social media engagement is currently low after the summer break (for the last 28 days FB Post reach was 249; Instagram reach 2), but daily posts have now recommenced. Afternoon teas, parent lunches and open afternoons all planned.

A questionnaire is due to go out to collect parent and pupil reflection on the vision.

PEGs is to restart with Miss Deeny.

The new approach to reflection areas was explained and how this helped the children flourish was discussed. This included planned opportunities to have spirituality/philosophical discussions, the current question being: "What do you have to do/be to part of our community?". Feedback from members who volunteer weekly showed the children have good manners, are polite and look out for each other, as well as showing enthusiasm.
